LandTrustStandardsandPractices-2017-FactSheet.pdf; Standards Revisions Overview-
mb.pptx

Hi Debbie,

Thank you for your email. I have attached the Standards PowerPoint per your request. To further assist you in your concerns, please find attached a Crosswalk and fact sheet review of the differences between the 2004 and 2017 Standards and Practices, which I hope helps your board's questions about the revised Standards.

In addition, please inform the board that the Standards are guidelines (or "guiding principles" as explained on the revised Standards) for our members and members are not required to fully implement the Standards for their land trust. This full implementation practice of the Standards is conducted through the accreditation process, which is a separate procedure from annual membership.

Please let me know if there's anything else I can help you with. Have a wonderful New Year!

Sincerely,

Jorge Astorga Jr.
